BRIEF DESCRIPTION OF ATTRACTION

Discover the connections between cultures and across time at the Aga Khan Museum, North America's first museum dedicated to the arts of Muslim civilizations. Set within a landscaped park, the Museum is a stunning home to historical and contemporary exhibitions, live arts and film programming, an exquisite Permanent Collection, and a vibrant educational program that reveals numerous links to the Ontario Curriculum.

DESCRIPTION OF EDUCATIONAL PROGRAMS

Teachers, bring your students to the Aga Khan Museum for a fun, Ontario Curriculum-driven session of exploring and creating for Kindergarten to Grade 12! Customize your own visit, or choose from a roster of Aga Khan Museum School Programs. A two-hour program focuses on discovery in the Museum's exhibitions and can include an optional workshop activity in the Education Centre. Students will explore the diverse history and art of Muslim civilizations, discover creative processes, experiment with materials, develop literacy and collaborative learning skills, and make new works of art to take home with them.

Spend a half day or a full day at the Museum, or pair your visit with a complimentary tour of the architecturally unique Ismaili Centre (just steps away). In warm weather, add a tour of the Aga Khan Park to learn about its design and the many trees, shrubs, and flowers that are planted there.
