ATTRACTION DESCRIPTION

Opened in 1976, the CN Tower defines the Toronto skyline and remains a celebrated architectural marvel, wonder of the modern world, world-class entertainment and dining destination, and a Toronto must-see. The thrill begins with a 58-second trip to the top in one of our 6 glass-faced elevators. While visiting the 2 observation levels, guests can experience the spellbinding Glass Floor and enjoy a panoramic view of Toronto and beyond from our indoor or outdoor observatories. Canada's most celebrated architectural triumph also offers a variety of other activities including access to informational displays, shopping, photo shop, and 3 dining options to suit the unique needs and budget of your groups. The CN Tower is open 364 days a year, from 9:00 am - 10:30 pm (seasonally adjusted), making it the ideal destination to keep student groups entertained until lights out!
