BRIEF DESCRIPTION OF ATTRACTION

Established in 1992, Whirlpool Jet Boat Tours is an exhilarating white water experience on the Niagara River with awe-inspiring scenery, historical significance, and Class Five Rapids through Devil's Hole. Get absolutely soaked aboard our "Wet Jet" experience or remain completely dry while aboard our "Jet Dome" tour. Daily departures from May through to mid-October.

DESCRIPTION OF EDUCATIONAL PROGRAM(S)

Whirlpool Jet Boat Tours owner John Kinney shares his experiences and his business savvy in our Business Education Program. Students will be taught about entrepreneurship, the challenges of building a business and having a passion for your business idea. This is a unique glimpse at what it takes to turn an idea into a successful business known across the globe.

Our Niagara's Raging Rapids program focuses more on the geographical and historical significance of the Niagara River. With history that spans from the Ice Age, War of 1812 and to present day this program is a great way to get a glimpse of the great history the area holds. With unique animal and plant life, a raging river, and an expansive chasm the Niagara Gorge is unlike any place in the world. With scenic views and hiking trails that allow you to experience the natural beauty up close and personal, this is an exciting and unique way to see the Niagara Region.

Each of these programs concludes with a fully guided 45 minute Whirlpool Jet Boat Tour.
